Stormwater and Sanitary Sewer Main Construction Irma Street – Gorge Road to North End March to June 2022

The City of Victoria is completing storm drain and sanitary sewer infrastructure upgrades on your street to improve capacity and resilience of the underground system. Work to upgrade the sewer drain and add a storm system on Irma Street is anticipated to begin in March and be completed in June 2022.

Project Details:

- **Sanitary Sewer Upgrade:** Installation of 125 metres of 200mm sanitary sewer pipe
- **Storm Sewer Upgrade:** Installation of 125 metres of 250mm storm sewer pipe
- **Restoration** of asphalt on the street, and sidewalk and boulevards.

City crews will work to minimize inconveniences during construction. Access may be delayed during work hours. Temporary parking restrictions and traffic diversions will be required for the project.

We thank you for your patience and support while this work is completed. If you have any questions or concerns regarding this project, please contact the undersigned at 250-883-0472 or kturpin@victoria.ca.

Regards,

Keith Turpin, A.Sc.T.
